5

```
select t.Request_at as Day,
       round(sum(if(t.Status <> 'completed', 1, 0))/sum(1), 2) as 'Cancellation Rate'
from Trips as t
inner join Users as u on t.Client_id = u.Users_id and u.Banned <> 'Yes'
where t.Request_at >= '2013-10-01' and t.Request_at <='2013-10-03'
group by t.Request_at;
```

mysql

inner

join

sql
